Associated British Ports Ipswich
Local Notice to Mariners No 1 - 2016
New Cut Construction Works

Mariners and Port Users are advised that on or around 18th January 2016 construction works will continue on the Ipswich Tidal Barrier. This second phase of work will consist of installing sheet piling along the East Side of the New Cut from a large crane being located on the Island site. During this first phase there will be some Navigational Restrictions limiting the Navigation channel to a minimum of 15 Metres. All Structures will be lit in accordance with regulations. As works progress further, Local Notices to Mariners will continue to be issued.

Harbour Master 15th January 2016
